Dear Authors, the referees have both looked over your response to their review comments (which I believe is at <http://www.ocean-sci-discuss.net/12/C1711/2016/osd-12-C1711-2016-supplement.pdf>), and are quite satisfied with that response. If you'll upload a revised version of the manuscript I expect that we should be able to see your paper through to publication without delay.

Yours, –Matthew Hecht
