

## ***Interactive comment on “El Niño in a changing climate: a multi-model study” by G. J. van Oldenborgh et al.***

**G. J. van Oldenborgh et al.**

Received and published: 30 August 2005

In Figures 6,7 and 8 there were discontinuities due to the use of discrete values for the lag parameter  $\delta$ . This has been changed to a continuous formulation.

Accidentally, the figures in the OSD publications include GISS-EH but not HadGEM1, contrary to what the text mentions. This has been repaired.
