

Interactive comment on “A fishery observing system for the collection of fishery and oceanographic data” by P. Falco et al.

N. Pinarði (Editor)

n.pinarði@sincem.unibo.it

Received and published: 16 January 2007

it is recommended that the authors submit the paper to OS after revisions of the manuscript. Due to the absence of a second referee in the OSD phase, the revised paper will be submitted again for another review.
