

Interactive comment on “Detecting marine hazardous substances and organisms: sensors for pollutants, toxins, and pathogens” by O. Zielinski et al.

O. Zielinski et al.

ozielinski@hs-bremerhaven.de

Received and published: 16 August 2009

First of all, the authors like to thank all reviewers and collaborators for their feedback, comments and support in preparing this review manuscript. We appreciate that this feedback is generally in support of our approach and we strive to include the most of the specific feedback, where it is appropriate. In the attached document, we will respond directly to the three comments published within OSD. OLIVER ZIELINSKI

Please also note the [Supplement](#) to this comment.
