Interactive comment on “Stability and forcing of the Iceland-Faroe inflow of water, heat, and salt to the Arctic” by B. Hansen et al.

B. Hansen et al.

bogihan@hav.fo

Received and published: 25 October 2010

The review of Anonymous Referee #1 was very encouraging, but did not suggest any specific revisions.

Interactive comment on Ocean Sci. Discuss., 7, 1245, 2010.
