## ***Interactive comment on “Tracers confirm downward mixing of Tyrrhenian Sea upper waters associated with the Eastern Mediterranean Transient” by W. Roether and J. E. Lupton***

**W. Roether and J. E. Lupton**

wroether@physik.uni-bremen.de

Received and published: 13 December 2010

We are glad that our manuscript finds acceptance. As pointed out already in our reply to V. Artale's review, we shall certainly expand our treatment of the Tyrrhenian deep water formation.
