Dear Dr. J. M. Huthnance We would like to thank you for your helpful comments on the manuscript. - We answered to the reviewers' comments and explained how we can make the desired changes for revised submission. - We attend all comments made by the reviewers in revised submission. - In any revised submission, our previous study on chlorophyll-a concentrations will be referred. - The methodology is changed to present more explanation on field observations techniques and... - We remove the detailed result that is obvious in the figures. - As you suggest, we restructure the paragraphs and edit the manuscript. The final version of the manuscript will be submitted for you

C256

after finish the changes, revision and editing. Thank you so much.
