

Interactive comment on “A comparison between gradient descent and stochastic approaches for parameter optimization of a coupled ocean–sea ice model” by H. Sumata et al.

H. Sumata et al.

hiroshi.sumata@awi.de

Received and published: 21 March 2013

Correction to "Response to Referee #2":

Line 67: Number of iterations for mGA is not 1281, but 1290.
