

Interactive comment on “A possibility of large scale intrusions generation in the Arctic Ocean under stable-stable stratification: an analytical consideration” by Natalia Kuzmina

Anonymous Referee #1

Received and published: 18 August 2016

While I am not overly enthusiastic about this paper, I believe that it would be suitable for publication after the grammar and sentence composition is improved.

Interactive comment on Ocean Sci. Discuss., doi:10.5194/os-2016-15, 2016.
