Received and published: 13 May 2016

Dear Dr. Chen and co-authors,

with the "discussion period" for your manuscript scheduled to remain open until June 3, we will allow for further comments until that date. At that point, if no other comments have been received, you may wish to simply upload the same revised version of your manuscript, but with the link that will be provided at that point.

I look forward to seeing your paper through the review process.

Sincerely Yours, –Matthew Hecht
