

# ***Interactive comment on “Some aspects of the deep abyssal overflow between the middle and southern basins of the Caspian Sea” by Javad Babagoli Matikolaei et al.***

**J. M. Huthnance (Referee)**

jmh@noc.ac.uk

Received and published: 18 April 2017

This manuscript has already received one review with severe criticisms. Two more reviewers were nominated but the reviews have not yet been received. I think the comments of the first referee should be addressed. In my capacity as editor I expect to refer any revised version to at least two of the referees for re-consideration. This comment is to expedite the review process.
