

Dear Topic Editor,

Thanks for suggesting corrections.

Comment

"Thank you for the revised manuscript. All comments from both reviewers have been appropriately addressed. In the final reading, I have noticed 2 possible typos;

L.484 "Figure 4(a)" → "Figure 4(b)"

Figure 7 caption L.2, "red dashed" → "orange dashed"

Please fix them if they are typos. Thank you for choosing Ocean Science."
